## DR. PEACOCK'S RICH FIND.

### Discovers Valuable North Caroliniana in Rockingham County.

### AN UNPUBLISHED MANUSCRIPT.

**New Light Thrown on the Lives of Men Who Played Important Part in the History of Guilford.**

In the course of work at Greensboro Female College one of the graduating young ladies was assigned the life and work of Rev. Eli W. Caruthers for a thesis. For years and years Caruthers was a preacher in this county and was intimately associated with the men who made its early history and made no small part of it himself.

As there was not sufficient material at hand for the thesis required Dr. Peacock undertook to gather additional data and drove for that purpose over into Rockingham county to see the widow of Caruthers' brother, Mrs. John Caruthers. After much patient inquiry by Dr. Peacock, Mrs. Caruthers admitted that certain manuscripts had been left by Dr. Caruthers and were in her possession. She brought out bundles of sermons carefully wrapped up, about three hundred in all, which had been delivered at various times by Dr. Caruthers. They were all carefully written out in that peculiar old style hand that we associate with goose quill pens.

Among the sermons, it is curious to note, were funeral sermons delivered on the death of Dr. David Caldwell, D. D. in 1824, John Albright in 1821, Dr. Allison in 1826, Miss Ione Wiley in 1859, Mrs. Nancy Kirkman in 1849, Mrs. Thankful Doak in 1849, Mrs. Elizabeth Gillespie, Mrs. Margaret Blair in 1821, Mr. Wahl's daughter 1844, Mrs. Hannah Paisley (date not given) and Rev. John Paisley in 1845. The kinspeople of nearly all these are still citizens of this county.

Dr. Peacock also discovered that from 1861 to '65 Dr. Caruthers was engaged in writing a book on slavery. He was an ardent abolitionist and one Sunday morning in '61 in his church at Alamance the venerable old man prayed that the young men of his congregation who were at the front "might be blessed of the Lord and returned in safety though engaged in a bad cause."

The next morning he was informed by the church which he had served for nearly 50 years that his services were no longer needed. Hence he devoted his time from '61 to '65 in writing in a clear, legible hand and no less clear style a book bearing the title:

American Slavery
and
The Immediate Duty
of
Southern Slave-Holders.

Every passage in the Holy Bible bearing on slavery is cited. The manuscript would make a book larger than his life of Caldwell and why it was not published is unknown. Dr. Caruthers died on the 14th of November, 1865, having lived just long enough to see the war end as he had predicted.

Among the things found by Dr. Peacock were five autographic sermons by Dr. McCorkle delivered from 1786 to 1790, and therefore over 100 years old. Dr. McCorkle was prepared for college by Dr. Caldwell and took his degree from Princeton (then Nassau Hall) in 1772. Dr. Caldwell will be recalled as the most famous teacher in the early history of the state.

Among the manuscripts is one of a sermon preached by Rev. Hugh McAden at the installation of Dr. Caldwell in 1768 and three manuscript sermons believed to be those of Dr. David Caldwell.

What makes these manuscripts especially valuable is the fact that on the back are endorsements of the time and place where they were delivered. One for example bears the following:

Alamance Sept. 9, 1821 (preached in forenoon.) Leeksville July 20th, 1823 (by candle light.)
Columbia, Tenn, Aug. 26.
Salem, N. J., May 21, 1820.
7th Presbyterian church of Philadelphia, Aug. 6th, 1820.
Nashville, Tenn. Sept. 1826 (afternoon.)

Evidently, then as now, preachers had favorite sermons which they often used when addressing strange congregations.

From the old family bible were learned the leading facts concerning Dr. Caruthers and his family, some of which had been in dispute before.

These manuscripts are now in Greensboro Female College library. They are yellow with age but for the most part are well preserved and are still quite legible.

### Death at Ore Hill.

Mrs. A. G. Brooks, nee Miss Moss Lane, daughter of Jas. I. Lane, of Chatham county, died at her home at Ore Hill at 11 o'clock last night. She was happily married to Adolphus G. Brooks, son of T. T. Brooks, of this city, five or six years ago. She leaves three childen, too small to realize what the loss of a tender and fond mother means, and a loving and affectionate husband, for whom, in this dark hour of grief, the world presents a black and dreary aspect.

Knowing Mr. and Mrs. Brooks among his best friends, this writer deeply smpathizes with the sorrowing husband and family.

## REALLY DANGEROUS PERIOD.

### Storm May Break in The Next Ten Days.

### CONTRACTORS IN WASHINGTON.

**Feverish Preparations for War And The Fifty Millions are Being Rapidly Expended.**

By Wire to THE TELEGRAM.

Washington, Mar. 11—Everybody hopes for peace but nobody knows when the storm may break. The administration today described the next 10 days as the dangerous period. The situation is said to be more serious than high officials admit. It is more serious because something is concealed with the court of inquiry that the public knows naught of. To this is said to be due the feverish preparations for actual war. The fifty millions are being rapidly expended. Washington is overrun with contractors and manufacturers and every senator, representative and the cabinet ministers are kept busy presenting these men to the secretaries of the navy.

### A CATHOLIC UPRISING.

**Ireland Denies that Catholics will Side with Spain.**

By Wire to THE TELEGRAM

Chicago, March 11—Archbishop Ireland says there is no truth in the report that American Catholics think of espousing the cause of Spain against this country because the former is a Catholic nation.

### Rosecrans Dying.

Los Angeles, Cal. Mar. 11—The condition of General Rosecrans is unchanged. He has been unconscious for the past twelve hours.

### Wanka Shoo s Szalavszky.

By Cable to THE TELEGRAM

Budapest, March 11—In a duel just fought Deputy Wanka shot Privy Councillor Szalavszky, governor of Pressburg, in the knee.

### A Rare Treat.

The Augusta Chronicle says editorially of Prof. E. Benjamin Andrews who delivers his famous lecture on R. E. Lee at the Normal College:

"The lecture was a rare treat. The Lyceum Course has brought us no speaker who has furnished more acceptable and profitable entertainment. President Andrews is eminently a historian and he has rare facility in grouping interesting facts and in presenting the epochal incidents of a career."

This lecture deals appreciatively with the great southern commander, both as a man and as a general, graphically outlining all his great campaigns. Entirely new is its comparison of Lee and Von Moltke, and of the two immortal battles, Gettysburg and Sadowa.

## ENGLAND PREPARING FOR WAR.

**Nearly $100,000,000 Required to Cover the Naval Estimates Alone.**

London, March 10—The First Lord of the Admiralty tonight introduced in the house of commons the government naval estimates, which provides for an appropriation of nearly 24,000,000 pounds sterling. In presenting the measure he said:

"New ships would be very costly and should be very powerful."

In concluding his statement he said: "If the future holds peace (which God grant) then it will be peace with honor. If war (which God forbid!) then it will be war of honor and of success." (Loud cheers.)

Vice Admiral Beresford thought every vacant slip should be used for building warships, and that every muzzle-loading gun should be abolished. Other members urged that the government provide more training ships.

## General News in a Nutshell.

Great Britain's bill for coal used on railroad locomotives in the last half of 1897 was $7,633,270.

Basketball has commended itself so far at New Albany, Ind., that lawyers have turned to the pastime.

Sixteen hundred fish were captured in one haul of a sein at Crill's mill in the Sioux river, near Vermillion, S. D., the largest catch ever made in any stream of that section of the country.

Gratitude took so firm a hold of Anthony Curson when Charles Freygang saved him from drowning in Centre Lake, near Angola, Ind., that he deeded to Freygang his house and lot.

Miss Beatrice Cunningham, of Cadiz Ky, having written and published a book for which there was not much demand, is said to be accelerating its circulation by giving a kiss with each copy sold. As the books are now going like hot cakes, it is to be presumed that Miss Cunningham is by no means bad-looking.

A German who styled himself "Count Victor Hohenstein" and who wore the decorations of the Red Cross society, was arrested and locked up as a vagrant in Washington on Monday last. He claimed to have served two years in the Cuban army and to have been confined in Morro Castle, from which he said he escaped a year ago.

A Washington, Ga., sportsman made the most remarkable shot on record while out partridge shooting the other day. He raised his gun to shoot at a bird, but the weapon was prematurely discharged. The shot striking a nearby rock, glanced up and killed the partridge. The gunner is a man of unquestioned veracity, but lest some should be skeptical he afterward exhibited the bird which had thus been killed.

"Rubbering" and "rubber neck" have never attained the popularity in New York that they have reached in many other parts of the country. The expressions have met with noticeable favor in the west during the past two years, but has remained for Burlington, Ind., to present to the world a school teacher who resigned his post because his unruly pupils persisted—so the Hoosier exchange say—in dubbing him "rubber neck."

### A Magistrate for 40 Years.

'Squire G. A. Barbee can justly claim the title of being the veteran magistrate of Durham. In February 1858 he was appointed a magistrate and has been one ever since. He could tell of some very interesting cases which he tried many years ago. He has been a magistrate in almost active service ever since he was appointed and we venture the assertion that he has married more couples than any man in the county, and perhaps more than any other man in the state. Such a record is to be desired.—Durham Sun.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following;

## REFORM JOURNALISM.

The Caucasian of this week encrusts itself with carmine war paint, gets up on its haunches and cleaves the air with the following militant ululation:

Mr. McKinley recently said: "You may rest assured there will not be war with my consent, except for a cause which will satisfy good men here, the nations of Europe and (with a pause) Almighty God."

Is it a wonder we bow our heads in shame? In the name of high heaven what is Mr. Kinley'e idea of a sufficient cause for war? Is it possible that he is incapable of grasping the magnitude of this inhuman offence and wanton insult to America? Or is he so helplessly wedded to servitude to his masters that he dare not follow the dictates of his own conscience? But McKinley makes another exceedingly frank confession. Not, says he, until the nations of Europe are satisfied that we have cause for war will there be war by his consent? What a humilitating spectacle! America, asking foreign nations not only what its financial policy shall be, but begging for their consent to maintain its dignity and self respect!"

And is that not a choice type of American that charges that his country's chief executive is controlled by a foreign syndicate? Is this not a brand of Americanism that would add greatly to the "dignity and self respect" of the country in a crisis?

Mr. McKinley has never had a reputation for firmness until the present crisis but even his political enemies must admit that he has latterly borne himself well. He has not been more cautious than the gravity of the situation demanded. If he had meant war from the beginning he has only exercised that prudence in putting the nation on a war footing which alone could save it from terrible loss and humiliation.

Mr. McKinley is perhaps too open to influence by Mr. Hanna and the interests which he more than any other man in public life represents. But there is a wide difference in that and the charge sought to be conveyed by the infamous insinuations of the Caucasian.

If our memory does not betray us it was this same Caucasian which has from time to time set itself the task of lecturing the press of the state for low class journalism. A careful perusal of most of the papers of the state for the past six months has revealed naught so contemptible as this cheap and vicious tirade.

It is an almost invariable rule that the man who is most needy to traduce others would be the first to practice the sins he charges if opportunity were given. It is a problem to know how much longer the common sense of their present followers will stand the hysteric and imbecile charges of a so-called "reform press" against every man in public life who is not fitted by nature to join the "reform" leader in peering through a gimlet hole with both eyes at once.

---

After this issue of the Caucasian there is a magnificent opportunity for Mr. Butler to say that there are some more things he would not have written.

---

Reform in North Carolina can change its name without risk of losing any of its fragrance.

---

The Hon. Thomas B. Reed now knows how it feels to have somebody else's way.

---

What this country can never know is why Mr. Boutelle of Maine let pass such an opportunity for gusty pyrotechnics and elocutionary pirouetting.

---

If a few reform editors had been summoned to Washington as witnesses against Ewart the results would have been highly gratifying to other aspirants.

---

If Mr. Butler cannot prove with forty witnesses that Judge Ewart is a liar, a thief and a scoundrel then surely Judge Ewart has walked most circumspectly.

---

The Union Republican asks whether a man can be a democrat and have opinions of his own. He can. But apparently the time has about passed when that luxury is vouchsafed to republicans.

---

The assertion is made by an ex-navy captain of the United States that the Spanish navy would keep out of the way and harass our coast for years. How would the Spanish army in Cuba manage to keep out of the way meantime?

---

Although a jury after hearing the evidence acquitted Sheriff Martin and his deputies there is some room for an opinion that such a verdict was quite as great a travesty of justice as the conviction of Zola. Americans have a dislike for the practice of shooting in the back and it was shown that the majority of the miners killed and wounded had been shot while attempting to escape. There is blood upon somebody's head.

## NO FUSION ENDORSED.

### Mr. Jones' Address not Construed by Committee to Mean Fusion.

The Sun today interviewed Mr. Theo. F. Kluttz, a member of the democratic state executive committee.

Mr. Kluttz says his distinct impression is that the committee did not understand Chairman Jones' address to advocate fusion, and that the committee endorsing it did not intend to endorse fusion.

His clear recollection is that the mover of the resolution, as well as those who advocated its adoption, insisted that the address did not reasonably admit of such a construction. With this understanding of its meaning the resolution passed almost unanimously, several prominent gentlemen, who had expressed themselves strongly against fusion, joining in its support.—Salisbury Sun.

# Harris Lithia Water of South Carolina.

Contains more Lithia than any other Lithia Spring Water on the market. If the Harris Lithia Water is not superior to any other water on the market, do you think the following noted physicians would state that it is? They have no interest in Harris Lithia Water:

Mr J T Harris, Proprietor Harris Lithia Springs;

Dear Sir—While it is contrary to my custom to give testimonials to remedial agents, I feel free to attest to the efficacy of the Harris Lithia Water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflamation of the bladder, and in all cases where there is an excess of solids in the urine. Yours respectfully,

GEO HOWE, M D

---

Mr. J. T Harris:

Dear Sir: I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine, who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long-continued use of the same waters at home. Other of my patients and friends are now using the water with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully yours,

THOMAS S POWELL, M D,
President Southern Medical College,
Atlanta, Ga.

---

Asheville, N C, April 20, 1893

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Waters known to the profession. In the condition of Phosphatic Urine its action is marvelous. Its use in the rheumatic and gouty diseases affords me more comfort than either the Buffalo or Londondery waters.

Very truly yours,

JOHN HEY WILLIAMS, M D

---

After a long and varied experience in the use of mineral waters from many sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the kidney and bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A N TALLEY, M D

Columbia, S C, October 8, 1892.

---

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda. Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly on the mucous coating of the stomach and alimentary canal; they are powerfully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of the stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid; all calculi of an acid character, whether literary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J Q WILBUR, M D

Walterboro, S C, April 10, 1892.

---

Baltimore, June 24, 1896

J T Harris, Esq, Harris Springs, S C:

Dear Sir:—I have been using Harris Lithia Water for some time, and I will say to you that it is my opinion that the Harris Lithia Water is by far the best Lithia Water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R C HOFFMAN,
President S A L R R

---

Atlanta, Ga, Feb 24, 1897.

Mr J T Harris, Harris Springs, S C:

Dear Sir:—I have found Harris Lithia Water an exceedingly valuable remedy for persons suffering from kidney and bladder troubles. Therefore take pleasure in recommending it.

Respectfully,

JAS F ALEXANEER,
President Board of Health

---

Mr J T Harris:

Dear Sir—It gives me pleasure to say that I have been using your Lithia Water for several months past, and that I believe it to be one of the best Lithia Waters that I have come in contact with. Yours truly,

E ST JOHN,
Portsmouth, Va Vice President

---

Charleston, S C, Sept 20, 1893

Mr J T Harris:

My Dear Sir—I am constrained to send you this testimonial of the efficacy of the Harris Lithia Water. The value of the testimonial may be enhanced from the fact that it goes to you unsolicited. As a friend of humanity, I feel bound to withhold my knowledge of its virtues no longer. I have been using the water for more than a year with marked denefit. To any one troubled with kidney disorder it is the remedy par excellence. I prefer it to the Buffalo Lithia Water.

Very truly yours,

A C KAUFMAN,
President Vanderbilt Benevolent Association of Charleston, S C

---

Chester, S C

Dear Sir—For the past six months I have been using Harris Lithia Water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity of it daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative and is a sure cure for flatulent dyspepsia.

S M DAVEGA, M D

---

Atlanta, Ga, April 20, 1897

I have used for some time Harris Lithia Water in my family, and also with my patients, and find it the best water I ever used in catarrhal condition of the uretus and bladder. It is also a good diuretic water.

G G ROY, M D

## A Fair Proposition

We guarantee that one glass of Harris Lithia carbonated water will relieve any case of indigestion in one minute's time or money refunded, or if taken after each meal will cure the worse case of indigestion.

Eagle, Iredell Co., N. C.,
December 10, 1897.

For a long time my son was troubled with some bronchial trouble which, every time he took cotd, settled in his throat and produced something like tonsilitis. The tonsils would enlarge and swell so that he had great trouble to swallow anything and could take no solid food. Last spring he took one-half dozen bottles of Mrs. Joe Person's Remedy, and gargled with the Wash, and it cured him. He has not had a spell since.

## $224,500,000 IN THE TREASURY.

**Secretary Gage Says $75,000,000 Can be Spared for War.**

Washington, March 9—The treasury is in good condition to meet the $50,000,000 appropriation for national defence, and it would be possible to pay out $25,000,000 in addition without seriously affecting the available cash balance. The gold reserve is larger than at any time since 1890, now reaching nearly $169,000,000, which is $69,000,000 more than is deemed necessary to the good financial condition of the treasury. Secretary Gage estimates that $75,000,000 can be spared from the treasury to meet appropriations by congress, and that not until that amount is exhausted will special provision need to be made to provide money for war expenses. Secretary Gage and Treasurer Roberts believe that the gold reserve is in no immediate danger of being depleted, and as long as present conditions continue yellow coin in the treasury will steadily grow. The available cash balance in the treasury today, including the gold reserve, was $224,541,637.23.

## CHEWED HIS WAY FROM A CELL

**Maniac Breaks Out by Means of His Eating the Door.**

Gettysburg, Pa. Mar. 9—Benjamin Hoar, aged 19, an inmate of the Ipsane Department of the Almshouse, made his second escape within three weeks, last night by chewing away with his teeth enough of the wood around the door of his cell to admit the iron bolt being drawn out. Making his way to the bath room, he was enenabled by almost superhuman strength to pull away sufficient of the iron window grating to create an opening large enough to crawl through.

Hoar went to the home of his father and when directed to return to the Almshouse, fled into the country unmolested, his father being afraid to detain him, aware that he was no match for the young man in strength.

## DIVER SAYS A TORPEDO DID IT.

**Writes That he Found a Fragment of the Shell.**

Washington, D. C., March 9—"The Maine was blown up by a balloon-shaped torpedo."

This is the startling statement said to be contained in a letter from one of the divers at work on the wreck, now in possession of a member of the house of representatives.

Arthur Buchanan, private secretary to Representative Gardner, of New Jersey, said today that he had seen the letter. He would not tell the name of the representative who has the letter, nor the name of the diver.

The letter, according to Buchanan, says the Maine was anchored over the torpedo by the Spanish port authorities, and as the tide fell she settled and exploded the torpedo, a piece of which the diver says he found in the bottom of the Maine.

The letter says in conclusion that all the facts contained in it were testified to before the court of inquiry in Havana.

is a bottle of the greatest of all blood purifiers—

**Johnston's Sarsaparilla**

QUART BOTTLES.

This great blood purifier and nerve tonic, cures diseases by removing from the system, the conditions which produce them. It expels all poison and impurity from the blood. It acts upon the nerves as a stimulant, particularly upon those nerves belonging to the great organs of the body; therefore, it causes the heart to beat with greater force, the lungs to take in more oxygen and to expel more carbonic acid; it induces the kidneys to send off more of the poisonous excretions from the blood; the bowels to have more regularity and healthfulness in their action; the sweat glands to throw out more impurities.

Our illustrated book of 36 pages will tell you what is the matter and what to do. Its free for the asking. Quart bottle, $1.00.

J. F. Parkinson, of the T. C. Williams Company, of Richmond, Va., spent last night in the city and attended the tobacco sales here today, returning home at noon.

Several car loads of powder went through this city today. One car was labelled "ammunition and cannon, handle with care." The ammunition is for the battleship Texas.

Mrs. O. L. Naylor, accompanied by her mother, Mrs. W. E. Murchison, of Jonesboro, arrived in the city today from Mt. Airy, and are stopping with J. A. Murchison, on Asheboro street.

Prices range high at the warehouse tobacco sales here now. A prominent leaf dealer told a Telegram man this morning that common grades of tobacco were selling higher than at any time for the past ten years.

The pastor of Centenary church will be assisted in a protracted meeting next week by Rev. J. A. B. Fry, of Grace church. Mr. Fry is a most earnest and forceful preacher and something good may be looked for.

Sometime ago Mr. J. T. Harris placed a large advertisement in The Telegram for his now famous Lithia Water. On a recent visit to this city Mr. Harris told us he was getting a nice trade built up here, and placed another ad which appears on the editorial page today. This water is said by many who are competent judges, to be the best on the market.

### Julius Caesar and Spartacus.

Mr. Louis James will be seen here next Monday night in a superb scenic production of Dr. Baird's great classic masterpiece, "Spartacus the Gladiator." The version used by Mr. James is the same one in which Forrest and McCullough appeared in former times, and it will find in Mr. James an interpreter worthy to succeed the great exponents it has had in the past.

At the matinee Mr. James will present Shakespeares masterpiece, "Julius Ceasar." Don't forget the hour, time and place. Doors will open for matinee at two o'clock, performance at three o'clock; prices 75 cents, and school children 50 cents.

At night Spartacus will be the bill, and the doors will open at the Academy at 7:30 and the performance will begin at 8:30 o'clock as usual. Seats now going at Gardner's drug store. Price $1.00; general admission, 75c.; children, 50c.

**Yellow Pine,** 50 cents, is the cheapest because it cures coughs. All druggists.

### See Cherry Tonight.

It's worth the price of admission to see Uncle Bob in the sixth act with no "breeches in his pockets."

Watch Flossie; don't let her take advantage of you tonight. She caught you before.

Marie Wolfe, as Jennie Goodwin, will not disappoint you; she makes an ideal wife and mother and her acting does credit to an amateur.

Miss Lizzie Crocker as Mrs. Dean, the mother of the murdered young man, will take her part tonight in good style.

Harry Cunningham, as Charlie Hilton, has been doing some splendid work; he makes a lover to be proud of; self-sacrificing, loyal and true to the core.

Mr. Rosenblatt, as Mark Goodwin, received very favorable comment at the last performance; he will please you tonight more than ever.

Harry Pozolt, as the unextinguishable Dennis O'Flanegan, takes the lead in the fire scene.

A. B. High, as Rudolph Dean, is an up to date lover; his stage movements are graceful and he is busy up to the time of his demise, faithfully making love to Cherry.

Claude Elam, as Billy Oliver, will show you what a bicycle sport can do.

Joe Black, the tramp, turns up shaken up, but gets his work in before the curtain falls on the fifth act.

These comments are from a private spectator at the performance last night.

### The Squirrel Came Back.

A rather curious instance of the effects of domestication on a wild animal was the case of a pet squirrel belonging to William Martin, one of the colored waiters at the Benbow. In the latter part of last October the squirrel escaped from his cage and nothing more was seen of him. The cage was left setting in the yard at the usual place and this morning, to the surprise of the owner, bunny was found in it. After over four months absence, spent no one knows where, he voluntarily returned to his prison life. He was very much thinner than when he escaped and he may have found it such hard work getting his own living that he returned. There is no doubt about its being the same squirrel as he was marked.

### Reduced Rates.

On account of the appearance of Louis James at the Academy of Music Monday afternoon and night in Julius Caesar and Spartacus, the Gladiator, the Southern Railway, will sell reduced rate, round trip tickets from all the neighboring towns to give the people a chance to see this great actor.

This is a great company, and one that Greensboro has never before had the pleasure of seeing. Seats now on sale at Gardner's drug store. Matinee 3 p. m., in which Julius Caesar will be played. At night 8:30, Spartacus the Gladiator will be played.
